Hiking Trail Options

The Scuppernong Trail Hike can be adjusted to fit the ability of your group and the distance you wish to hike.

2.3 MILE Red Loop

The Red Loop is an intermediate level hike which is short and narrow with steep terrain. This is the only way to describe this loop. You'll pass through pine plantations and hardwood forest.

4.1-MILE Orange Loop

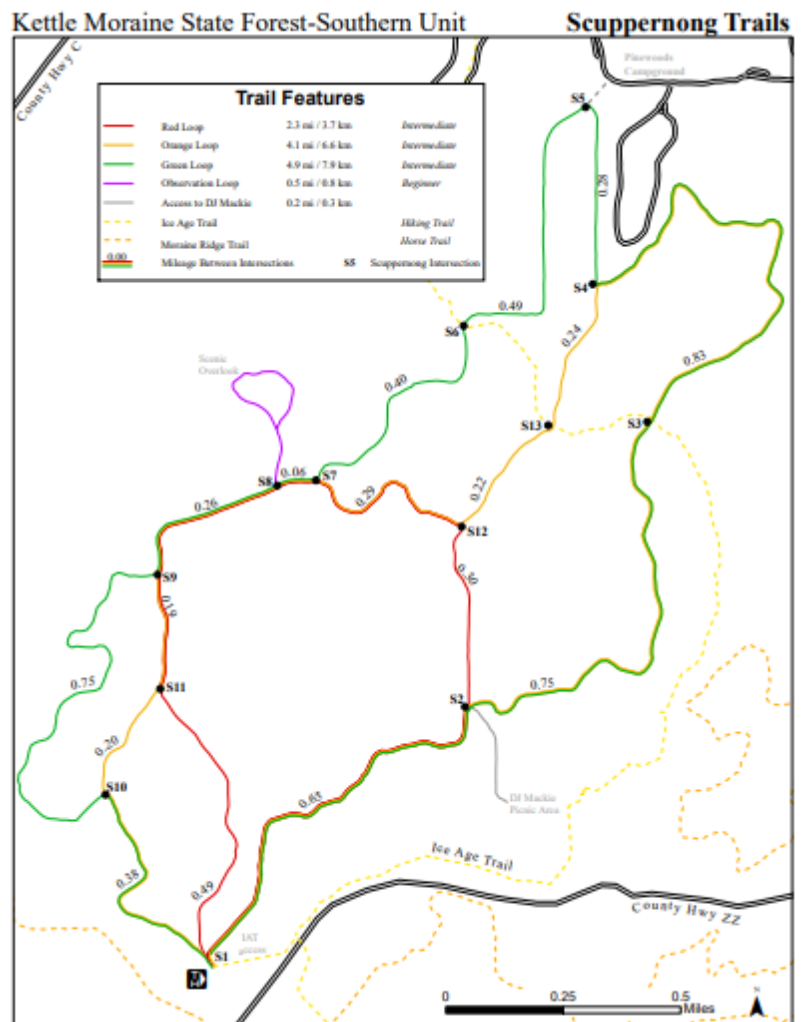

The Orange Loop is an intermediate level hike which will take you deeper within the hardwood forest.

4.9-MILE Green Loop

The Green Loop is an advanced level hike. About halfway on this loop you will pass the edge of the Pinewoods Campground. As you continue through the pines, walk quietly down these old fire lands. When making your final descent from the ridge to the parking lot, you will experience a roller coaster of hills that you won't soon forget.

.5-MILE Scenic Overlook

The Purple Scenic Overlook Loop is an additional loop you can access from the other trails. Have a seat on a bench and enjoy the views of Ottawa Lake and the surrounding area.
